

Getting Started Guide: Badges for Best Holiday Games

This guide is intended to help you correctly import a Best Holiday Games badge into your ad creative. Use this badge to give your app the seal of approval as one of the best holiday games for the holiday season.

Instructions

- Choose a badge format and language
- Import a Best Holiday Games badge SVG (or PNG) file into a graphic design software of your choice
- If you're using Adobe Photoshop, you can open the SVG file with Adobe Illustrator followed by copying and pasting as a Smart Object into the Photoshop file of your desired ad creative
- Position and scale the badge as needed within your ad creative
- Optionally, you can apply layer effects such as a drop shadow or outer glow to enhance a badge's appearance
